DAHLIA SEED

EXTRA SELECT SEED.—MIXED.—This is a very high grade of seed. It is taken from a few of the most outstanding dahlias in our collection that have proved to be good seed parents. We take great care in the selection of this seed and the testimonials from many satisfied customers in both east and west bear witness to their superiority—\$2.00 per 100; \$12.00 per ounce.

SPECIAL SELECTED—This is the same grade as the above except that each variety is kept separate, and is sold under the name of the parent plant. As the seed is not gathered until after the first of the year, we can not give a list of the varieties at this time; but will do so by request after January 15. Limited quantity, 5 cents each seed.

STANDARD GRADE—A high grade seed gathered from our growing fields. We cut down all collarettes, singles and peony dahlias before seeding time. A large percentage of doubles are obtained from this seed.

Large packet—150 to 200 seed, \$1.00, oz., \$6.00.

POMPON DAHLIA SEED—Large packet, 150 to 200 seed, \$1.00.

ZINNIA SEED
